## Lacemakers,

**Since the corona virus is in the United States and spreading, the Show Me Lacemakers have decided that it would be better to make lace at our individual homes instead of gathering together to enjoy each other's company as we make lace. The monthly meeting April 4<sup>th</sup> at the library has been cancelled, and all other lacemaking meetings are on hold until further notice.**

## Christmas Ornaments for CAM:

The Christmas balls with the lace from Brigitta Gornik pattern #5 will be made in red DMC 80 Special Dentelles with red Gold Rush metallic for the worker for both the outside and middle trails and an extra pair of the metallic as the outside passive in the outside trail. The worker for the inside trail will be the red DMC. This lace pattern looks best on 2 1/2 inch gold Christmas balls.

Clear 2 1/2 inch Christmas balls will have macramé made with jute.

These are two great projects to work on if we are isolated to our own homes while the corona virus is spreading.

## March Meeting:

Thanks to Janet for leading a workshop to make macramé covered Christmas balls.

## Schneeberger Butterfly Workshop:

The original plan was that at the monthly meeting on April 4<sup>th</sup>, Shirley would lead a Schneeberger butterfly workshop as a trial run for leading the workshop for the Lacemakers Guild of Oklahoma later in the month. Since the Show Me Lacemakers have decided to cancel the meeting on April 4<sup>th</sup>, this workshop will have to be delayed. When this workshop will take place depends on what happens with the corona virus.

The following information will help you prepare for this workshop:

### Provided with the workshop:

- Pricking and instructions for the butterfly.
- Metallic thread if you don't have your own.

## Supplies that you will need:

- To do the tape: 5 pair of DMC tatting thread #80 or Lizbeth #80, and one pair of metallic thread (Lia used Reflecta.) or a contrasting color of DMC tatting thread #80 or Lizbeth #80.
- The fillings can be done as you make the tape or later after the tape is done. The fillings require 8 pair of metallic thread or a contrasting color of DMC tatting thread #80 or Lizbeth #80.
- A lacemaking pillow of at least 18 inches. The larger the better.
- A pillow stand.
- A crochet hook.
- Regular pins.
- Pricking board, clear matte plastic to cover your pricking, paper scissors, pin pusher/puller, and any other lacemaking supplies that you like to use.

## Bonniebrook:

The original plan was to demonstrate lacemaking at Bonniebrook's Open House Saturday April 25, 2020 from 11:00AM until 4:00PM. Members of the Lacemaker's Guild of Oklahoma are planning to join the Show Me Lacemakers. This demonstration now depends on what happens with the corona virus. If the open house gets cancelled, Shirley will let you know.

## Milanese Giraffes Workshop:

The original plan was to do this workshop at the monthly meeting on May 2<sup>nd</sup>. When this workshop will take place depends on what happens with the corona virus. The following information will help you prepare for this workshop:

### Supplies that you will need:

- Giraffe #1 on card stock, covered with clear matte plastic, and pricked.
- 15 pairs of bobbins using Aurifil #50 or Gutermann #50 thread.
- A lacemaking pillow of at least 18 inches. The larger the better.
- A pillow stand depending on where the workshop will be.
- A crochet hook, regular pins, pin pusher/puller, and any other lacemaking supplies that you like to use.
